PORTFOLIO

Piano Accompaniment Solo Performance

ABOUT ME

I am an enthusiastic amateur musician with extensive experience in piano accompaniment for solo performances, chamber music, and symphony orchestras. I have worked with various instrumentalists and vocalists and received the Second Prize in Accompaniment at the Sino-German Hummingbird Music Festival. Notably, I served as the leader of my college orchestra, enhancing my understanding of music theory and arrangement.

Beyond music, I am an algorithm researcher in the artificial intelligence industry. I believe that my diverse skill set and experience align well with your requirements.

EXPERIENCE

Leader, NJUST Symphony Orchestra | NJUST

2015 – 2019

- Orchestral Management: Oversaw the overall functioning of the orchestra, ensuring smooth coordination and communication among all members.
- Rehearsal Coordination: Scheduled and conducted regular rehearsals, ensuring that all sections of the orchestra were well-prepared for performances.
- Musical Direction: Provided musical guidance and direction during rehearsals and performances, helping to shape the artistic interpretation of the pieces performed.
- Team Leadership: Fostered a collaborative and supportive environment within the orchestra, motivating members to perform at their best.
- Administrative Duties: Handled administrative tasks such as managing the orchestra's budget, organizing sheet music, and liaising with university officials and external partners.
- Event Organization: Organized and managed various events, including the annual New Year Concert, a National College Student Art Exhibition, and several charity concerts held in collaboration with the local government.
